A Tale Of Two Cities (Unabridged Classics In Audio)

Synopsis

This novel provides a highly charged examination of human suffering and human sacrifice, private experience and public history, during the French Revolution. *A Tale of Two Cities* is one of Charles Dickens's most exciting novels. Set against the backdrop of the French Revolution, it tells the story of a family threatened by the terrible events of the past. Doctor Manette was wrongly imprisoned in the Bastille for eighteen years without trial by the aristocratic authorities. Finally released, he is reunited with his daughter, Lucie, who despite her French ancestry has been brought up in London. Lucie falls in love with Charles Darnay, another expatriate, who has abandoned wealth and a title in France because of his political convictions. When revolution breaks out in Paris, Darnay returns to the city to help an old family servant, but there he is arrested because of the crimes committed by his relations. His wife, Lucie, their young daughter, and her aged father follow him across the channel, thus putting all their lives in danger.

Customer Reviews

This is a great unabridged version of this wonderful book. Well read & clear. This is the book to buy if you want the complete story.

My son and I listened to this entire book while driving this winter back and forth to skiing and other sports. He read along with it on the Kindle and for a dyslexic 8th grade boy to be able to read and hear this tremendous classic was nothing short of a gift. I loved it and am grateful that these kinds of

resources are available today. His comment at the end of this moving tale was, "Mom, I think Dickens was a genius!"

One of my all time favorite classics. I am a fan since a youngster of Charles Dickens and it's been many years since I read this novel. Listening to it was a complete treat! The storytelling couldn't have been any better with set-ups and characters. I love to listen while driving and this audiobook kept me from being agitated during traffic jams. Absolutely recommend.
