This is THE BEST out there if you are looking for a children's Bible. The hardcover book comes with 5 CD's. The CD'S are awesome with lots of realistic sounds like thunder and lightening. After each story follows a song related to the story with sheet music. On the CD's the songs are syng by a children's choir are are beautifyl! I'm a homeschooling and my girls LOVE listening to the stories and songs on the CD's and following along in the book. We do 1 every day. 116 stories amd 75 scripture songs. illustrations are nice too. Highly reccomend!!!

This Bible/CD set is a tremendous resource for parents and kids. It is so well made and scripturally sound. There is at least one story from every book of the Bible. Every story begins with a Bible verse and follows with an engaging narrative that keeps your child's interest. Most stories are followed by a great song that reinforces the lesson. I have two children, ages 6 and 4, and they are on their fourth time through since Christmas. They follow along with the CDs, usually in the car. My six-year-old is asking me questions like "Mommy, how can I be a peacemaker?" Her reading skills have also dramatically improved as she reads along with the CDs. My four-year-old is going around singing, "If My people, who are called by My name, will humble themselves and pray." I am seeing real fruit in their lives. It is a great way to fill your children's thoughts with things that matter for eternity.

My son & I have this Bible & CD set and we listen to it as we play. He is one year old & likes to hear the stories and he loves the music. Its a lot of fun & i think people of any age can enjoy it. The familiar stories of the bible are brought to life through words, sounds, & song.

This is a wonderful set of stories & songs. In fact, I'm tempted to give it the highest possible praise: its quality is comparable to "Baby Mozart." My daughter asks to hear the songs over & over. When the kids are restless in the car we say, "a few more stories & we'll be there!"

This is the best children's Bible we've ever used. We have the book and cassette tapes and our six children use them daily on average of about an hour per day! This Children's Bible does not skip over the OT Prophets like many do. It has Scripture references and also has songs (music included) to break up the storytelling. We have many children's Bibles in our home library and this is the one that was worth every penny spent! I am also a teacher and I must say from an educational standpoint, this book (and tapes) are colorful, exciting, engaging, and educational. My children know more about the Bible from this set than many adults do!!

I am a Korean University student. It was really excellent. I heard it as audio CD. I listen to it again and again.
