## Customer Reviews

This product gives you spoken verb conjugations, which for some people is a better way to learn than memorizing verb lists. The CD's give you more than 100 common verbs with only a few that I thought were of lesser use. Both present and past tense forms are included. The speaker has what I consider an exaggerated German accent (I doubt this is a native speaker)and speaks very slowly, which got on my nerves. But if you spend a lot of time in your car and you're looking for something to help drill these verbs in your head, this will do the trick. Good luck!
