Spanish I, Grades 6 - 8 (Skill Builders)

Synopsis

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises for middle school Spanish language learners. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (23 customer reviews)

Best Sellers Rank: #13,546 in Books (See Top 100 in Books) #34 in [Books > Children's Books > Education & Reference > Foreign Language Learning > Spanish](#) #99 in [Books > Reference > Dictionaries & Thesauruses](#)

Age Range: 11 - 13 years

Grade Level: 6 - 8

Customer Reviews

If you are seeking fairly simple homework assignments for someone who has quite limited Spanish background this is a fine book. But in our case our son was returning to Spanish after some time off and we were seeking out a simple yet effective workbook to help him to refresh his memory as we started up homeschooling Spanish with a tutor. She quickly moved us away from this book and towards other books that were more comprehensive for the price. Avencemos, student edition was more expensive but ended up to be a better overall book because it combines instruction and numerous practice materials. I gave the book 4 stars because it is well laid out and the sequencing of terms and concepts closely tracks the way that Spanish is taught in most middle and high

schools. But, this received little usage.

These are small, thin, pamphlet size books. I was expecting a large workbook like the ones you find at Sam's club or Costco. They sell the PDF version on their website, which would be more productive than this.

This is a great book to reinforce Spanish I concepts and vocabulary. My son is enjoying using this book. It is a simple yet challenging book for my 7th grader to complete. We will defiantly be ordering the Spanish II book.

It is helpful. But I am just starting to learn Spanish again. I took 2 years in high school and thought I could start at the 6-8 grade..... Nope. I still wanted more basic.

I found this very helpful. I am an adult learner of Spanish and enjoy using this series of books as helpful and easy to carry with me to study when I am waiting for an appointment.

Good to support any lesson!

Yes it is a smaller book not regular sized pages. I have been teaching my children Spanish from day one to me this is more on the line of beginning Spanish. Shipped pretty quick

A good workbook for learning the basics of the Spanish language. I recommend this for anyone looking for supplemental material(s) to assist in learning español.
