Customer Reviews

We love the app and now we LOVE the book. I read it to my distant grandkids on Facetime. It's amazing how quickly they learn the names and sounds of the animals. Peekaboo Barn will now be my favorite baby gift.

I got this book for my one year old daughter and she loves it. It comes with a code to get the matching app for free and it's worth it just for the app. Both are a ton of fun. My daughter loves opening the doors in the book.

...your child still loves the book almost a year later and wants to read it every night before bed. We have another farm themed board book and Peekaboo Barn is always chosen over the other one. The repetition is perfect for toddlers.

I bought this book because my toddler loves the phone app. However this book has one major problem Which is it's very hard to open the flaps since there's no cut out where toddlers can put their fingers on and pull the flap to open. My toddler gets frustrated and I have to lift the flap a little(Which is even hard for me) to help him.Also, my son loves the owl in the app but they don't have the owl in the book so my son and I were disappointed and he kept opening the flaps and say owl looking for the owl but nope it wasn't anywhere!
