## Customer Reviews

When the minecraft series started, i shared the story with my lil brother who fell in love with the theme, now every new Minecraft book is download to my Kindle app and we have a problem sharing my tablet, he can't let go until he is done with the story.

Being a fan of thrillers, I completely enjoyed reading this book. The storytelling is so gripping that it seems like you are a part of it. It kept me hooked till the last page as I wondered whether Steve and Sean would be able to defeat the monster or not.

This a quick read, fast paced and full of twists that will keep on the edge of the seat. It builds well on

the background of the hugely popular Star Wars topic, and takes you through quirky twists and turns that make you want to turn the pages quicker and quicker. Not on dull moment throughout the whole book. A greatly entertaining read... one of the best so far!

i have read over 50 minecraft books and only rated 3. this book is special to me. some pictures are funny and the book in common is really creative. good work on the legend of herobrine. it all started reading diary of a minecraft bat by books kid. that made me read all these other books. even if i rate this four stars its awesome. (i am not rating this 5 stars because its not my favorite.) my name is adrian and i am 9. i love minecraft. i am not noob or pro on minecraft i am in the middle. thats all, bye!!

A rather nail biting adventure Minecraft edition. Ender King keeps you hooked into this one. The book has enough suspense and mystery that will keep you entertained throughout. I really enjoyed reading this one and have recommended to my friends.

One more great book with my favourite character steve. Its a thrilling story with many nail biting twists. Enderking proved himself once again. He is the epitome of fiction writing. This one is a quick read with lots of surprises. Kudos to the author!

This special edition seemed adamant, yet deep down the script existed a thrilling espionage that gets Steve and his buddy in unavoidable battles that seem alive to the reader. Another wonderful release from Ender King. Bravo on this one!!

A giant monster is on the loose. Will the protagonists be able to defeat it? Or they will forever remain prisoners on an uncharted island? This diary, along with Ender's amazing style, will give you the answer. :)
