# Fundamental Managerial Accounting Concepts

## Synopsis

Fundamental Managerial Accounting Concepts 7e by Edmonds/Tsay/Olds focuses on concepts that are isolated and introduced in a logical sequence. The authors intentionally limit the scope of the material to help students build a solid foundation of the most important concepts in managerial accounting. Fundamental Managerial Accounting Concepts 7e is organized in a distinctive way, particularly in the first six chapters. The objective is to establish a coherent, integrative framework that enables students to build knowledge in stepwise fashion. The authors' goal is for students to understand the underlying principles of accounting, not just memorise content.

## Book Information

Hardcover: 752 pages

Publisher: McGraw-Hill Education; 7 edition (September 17, 2013)

Average Customer Review: 4.2 out of 5 stars Â Â See all reviews Â (13 customer reviews)

Best Sellers Rank: #84,008 in Books (See Top 100 in Books) #45 in Â Books > Business & Money > Accounting > Managerial #159 in Â Books > Textbooks > Business & Finance > Accounting

## Customer Reviews

I returned the book because it did not have computer access codes needed for classroom work completion

Using as a college text book.Arrived in good condition.

Was dull and I like definitions in the margins

Good product, shipped fast. Would recommend.

Great prices for renting college books.

Very good condition

I LOVE accounting!
