Customer Reviews

One review said that this was the book of sheet music and not the CDs. It's this opposite. This is the CDs and NOT the book of sheet music. Since 's decription didn't say either way, I trusted the review. I will have to return. If you want the book of sheet music, DO NOT ORDER THIS!!!!

I felt misled on this . It is difficult to tell from the photos if you are getting the book and the CDs. This was just the CD's. I had to go back and order the book to get any use out of the CD's. There is supposedly some way to download the sheet music but I wanted it all in hand. I also wish the songs were listed individually on all these anthologies . It is like a "surprise". These selections are very good however, with some current gems. , please make it more clear if the book we are seeing is just a book, just the CD's or both!

Just exactly what it says it is, this set does not disappoint!! You can use this accompaniment for

performances or even karaoke!
