Train Like A Rockstar: Speaking Tips From A Stand-Up Comedian

Synopsis

Imagine attending the world's most preeminent trade show about training education and all the presenters/trainers are awful! At a tradeshow about training?!?!? Something had to be done. In *Train Like a Rockstar: Speaking Tips from a Stand-Up Comedian*, Jeff Birk puts his 25+ years experience as a headlining comedian and Fortune 500 corporate trainer into this fantastic, no-frills "here's the way you do it" book. Presenters, trainers, and public speakers at any level will learn techniques and skills stemming from the author's thousands of hours on comedy club stages, corporate event keynoting, and trade show presentations. Topics include: Humor techniques for public speaking and/or training How to capture your audience in your first two minutes Memorization strategies Storytelling methods that move hearts, as well as create laughter How to handle bored, busy, or booing audience members Lists of jokes to use for a variety of industries, and much more. It's not just about being funnier. Jeff's is a balanced approach combining numerous tactics which result in helping one communicate better and make a lasting impression. We all know what it's like to sit through a "death by PowerPoint" presentation which lacks flow, stories, humor, a call to action, or any direction at all. This book will not only help those seeking to be better public speakers, but will also cause your attendees to leave your presentations saying, "That was the best presentation I've ever seen."

Customer Reviews

Jeff gives insight into the deepest, darkest secret of the training and presentation world. Some

presenters suck, there, I said it. Jeff, not one to complain, brings to the table his best secrets, practices, and anecdotes, designed and perfected through years of stand up comedy and presentations, and lays them out as an orderly and understandable smorgasbord designed with one purpose in mind; to make you a better presenter, trainer, and leader. Whether you are just starting out, or have years of experience, you will find something that can help you improve your presentation and interpersonal skills. Well written, a fun read from start to finish.
