NYPD Red 2

Synopsis

When NYPD Red arrives at a crime scene, everyone takes notice. Known as the protectors of the rich, famous, and connected, NYPD Red is the elite task force called in only for New York City's most high-profile crimes. And Detective Zach Jordan is the best of the best, a brilliant and relentless pursuer of justice. He puts professionalism above all, ignoring his feelings for his partner, Detective Kylie MacDonald, the woman who broke his heart when they first met in the academy. But even with their top-notch training, Zach and Kylie aren't prepared for what they see when they're called to a crime scene in the heart of Central Park. They arrive to find a carousel spinning round and round, its painted horses grinning eerily in the early morning dark. There is only one rider: a brutally slaughtered woman, her body tied up and dressed in a Hazmat suit, on display for the world to see. The victim, a woman of vast wealth and even greater connections, is the fourth in a string of shocking murders that have hit the city. As the public pressure mounts, and political and personal secrets of the highest order hang in the balance, Zach and Kylie must find out what's really behind the murderer's rampage. But Kylie has been acting strange recently--and Zach knows whatever she's hiding could threaten the biggest case of their careers. NYPD Red 2 is the next outstanding novel in James Patterson's newest series, a thriller that careens through New York City and deep into the psyche of a depraved killer you've never seen before.

The concept of the NYPD Red series had me from the jump. NYPD Red is an elite police squad tasked with protecting New York's rich, famous and productive. Detective Zach Jordan does not

run Red, but he is the biggest and most effective cog of the very shiny investigative wheel that turns only when a high-profile crime has been committed. When one considers the locale in which Red operates, it turns fairly often. The second book in this fine series --- fittingly, if somewhat unimaginatively, titled NYPD RED 2 --- shows authors James Patterson and Marshall Karp at the top of their creative games, producing an exciting story that twists, turns and shines from first page to last. The meat of NYPD RED 2 begins with an unforgettable vignette. New York is under siege by a fiend dubbed by the media as the Hazmat Killer, due to his penchant for killing his victims and then displaying them rather publicly in Tyvek coveralls. Readers are introduced to the Hazmat Killer when his fourth victim is discovered, brutally murdered and displayed on a revolving carousel in the heart of Central Park. What makes this poor soul different is that she is Evelyn Parker-Steele, a high-influence political operator who is running the campaign of the challenger in New York's mayoral election. As with the other victims, the Hazmat Killer has provided the police with a video of Parker-Steele confessing to a serious crime. Given Parker-Steele's prestige, the case is handed over to Jordan and his partner, Kylie MacDonald. Jordan and MacDonald have a history of being involved in the remote past, and while they are with others at the present time, a flicker from the torch each used to carry for the other occasionally manifests itself.
