The Ultimate David Sedaris Box Set

Synopsis

David Sedaris, who regularly appears on NPR, is fun, satirical and brazen. A wonderful collection of his greatest work.

Book Information

Audio CD

Customer Reviews

This is a great collection whether you are a long-term Sedaris fan or are just beginning to discover him. It's a pretty good deal if you don't have any of his audio books yet. While I don't usually go for audio books, I find that I am not only hooked on the writing but also on Sedaris's hilarious delivery. The "live" performances are best. As rightly pointed out by another reviewer, the packaging is the biggest disappointment. At \$100 retail, one would expect (1) a sturdier and more elegant outer case, (2) individual packaging of each set inside the outer case (the current split into 4 inner booklets does not adhere to the component volumes), and (3) track listings. Of these, #2 is the most glaring shortcoming: the four inner booklets are too thick, have too much cardboard, are unwieldy and inconsistently organized, and have no artwork or even any labeling at all: you have to open each booklet to find a particular disc or set. In fact, the only writing on each booklet is a US Patent number (why this idiotic design was ever patented and why they feel the need to stress that is beyond me). I could easily have designed a nicer, slimmer, and more ergonomic packaging (anyone from Hachette reading this? Feel free to contact me next time.) Finally, here are the track listings, since there are none in the whole bulky package. Note that the longer segments are divided in multiple tracks: the first track of such segments is listed below.*** Barrel Fever: Disc 1 ***01. Intro & Drag03. Giantess05. The Curly Kind07. You Can't Kill the Rooster10. Parade14. The Last You'll Hear from Me*** Barrel Fever: Disc 2 ***01. Glen's Homophobia News Letter Vol. 3, No. 205.
